C. Please describe the Project, including the specific business activity(ies) of the Project:

RWC Group was formed in 2012 in Tullytown, PA as the exclusive importer of weapons from Izmash in Russia. In 2014, the company began an upgrade program in which a certain percentage of the imported weapons were upgraded with additional features. As a part of an overall business strategy analysis, it was determined that it would be more cost effective to assemble firearms complete in the US to avoid the dis-assembly costs. With this objective in mind, the company began a nationwide search for desirable manufacturing locations. States were evaluated based on economic incentives offered, tax structure, availability of work force, utility cost, and transportation cost. After extensive review, Florida emerged as the leading candidate for the new facility. Several cities in Florida were evaluated including Orlando, Tampa, Jacksonville, Miami, and the Ft. Lauderdale area. An existing new facility in Pompano Beach has been identified as the most desirable location. The current plan is to lease 40,000 square feet, of which approximately 4,500 square feet will be used as office space. Initially, firearms will be assembled, test fired, and shipped out of this location with the long term goal of manufacturing the high value components where it makes financial sense. Additionally, Research and Development activities will be conducted out of this facility. Initial employment will be 28 people, growing to 54 by year three. In short, by year three, RWC will be designing and

4. KEY QTI PROGRAM INFORMATION

- The tax refund claim form will be due by January 31<sup>st</sup> each year for the number of jobs on December 31<sup>st</sup> of the
  previous calendar year. Tax refunds paid per state fiscal year (July 1 June 30) may not exceed 25 percent of
  the total tax refund award associated with the phase(s) scheduled.
- The total award will be equal to \$3,000 (\$6,000 in Enterprise Zones or Rural Counties) times the number of jobs reported in item 1A. Additional per job bonuses may be available; however, the QTI award may not exceed five times the local financial support paid by the community.
  - \$1,000 per job if the average annual wage is at least 150% of the area's average; or \$2,000 per job if the average annual wage is at least 200%.
  - \$2,000 per job if the business falls within a designated high impact sector OR if the business increases exports of its goods through a seaport of airport in the state by at least 10 percent in value or tonnage in each year of receiving a QTI refund.
  - o \$2,500 per job if the project locates in a designated Brownfield area (Brownfield Bonus).
  - o \$1,000 per job if the local financial support is equal to the base QTI award.
- If in any year the applicant does not achieve the job creation schedule outlined in item 1C, but achieves at least 80% of the required net new jobs, the company will receive a pro-rated refund less a 5% penalty of the scheduled award amount for that year. If job creation falls below 80% of the required jobs, the company will not receive a refund and will be terminated from the program. Similarly, if the average wage falls below the wage committed to in 1C, the company will not receive a refund and will be terminated from the program.
- · For an expanding Florida business unit:
  - Existing number of full-time equivalent Florida jobs must be maintained for the duration of the QTI agreement.
  - The average wage commitment should include wages paid for <u>only the net new to Florida jobs</u>, as shown on the unit's UCT-6 form. The applicant will be required to establish a tracking mechanism to distinguish between existing versus new jobs and employees filling those jobs. Contact Enterprise Florida for more information.
- QTI eligible jobs are those that are physically located within the State of Florida and located at the facility listed
  as the proposed location address in question 2G of the General Project Overview or subsequent QTI contract
  with the State of Florida. If any jobs will not be physically located at the proposed location address, contact
  Enterprise Florida to discuss the situation. Jobs that are paid out of the proposed location address facility but
  are not located at that facility or in the State of Florida are not considered net new jobs for QTI purposes.
- A qualified target industry business that fraudulently claims a refund under 288.106(2), Florida Statutes:
  - Is liable for repayment of the refund to the account, plus a mandatory penalty in the amount of 200 percent of the tax refund which shall be deposited into the General Revenue Fund.
  - o Is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.
- Qualified Target Industry Tax Refund: Section 288.106, Florida Statutes.
